

# PEST SOLUT-ION

INSECTICIDES REDUCTANT

## WHAT'S PEST SOLUT-ION ?

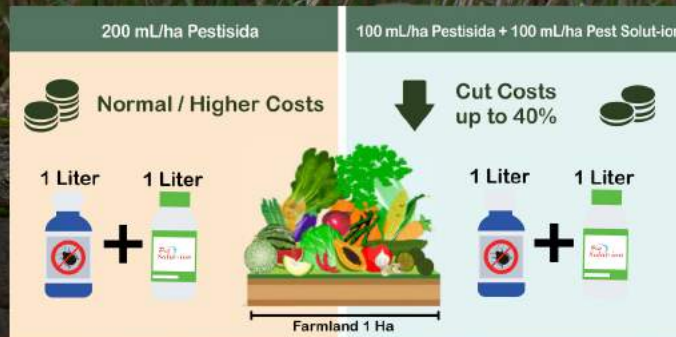

**PEST SOLUT-ION** is an insecticide reductant that is used to reduce insecticide doses. Meanwhile, the result of the halved mixture still has the same effectiveness as a single dose application.

**PEST SOLUT-ION** can reduce up to 50% from the usual doses used.

## WHY PEST SOLUT-ION ?

- Reduce the pesticide doses up to 50%, without reduce the quality of the results (**reductant**).
- Cost efficiency up to 10-40%.
- Environmentally friendly and user safety (readily biodegradable and relatively harmless).
- Compatible with most types of pesticides on the market.

## COMPARISON ILLUSTRATION
